Explorer Police Deluxe Console with Plate Instructions
www.nenno-products.com

This console fits 2013 and newer Ford Police Interceptor Utility vehicles. Note some disassembly of the lower center dash area to access the two front bolts is necessary. This plate uses the factory rear plate mounting bracket. The factory U-Nuts may not be present on your vehicle. Two replacements are provided for your convenience if needed. See the instructions below for more information.

Contents:

| Description | | Included |
|---------------------------------------|---|----------|
| Console with Mounting Plate Assembled | | 1 ea |
| Hardware Kit | U-Nut 6-1.0mm (for rear bracket attachment) | 2 ea |
| | Front Flange Bolt 6-1.00 X 20mm | 2 ea |
| | Rear Flange Bolt 6-1.00 X 45mm | 2 ea |
| | Fender Washer (use with 45mm Rear Flange) | 2 ea |

Installation Instructions:

Note: Your factory rear mounting bracket should have two U-Nuts, one on the left, and one on the right. If either one of these nuts is missing, or the threads are damaged, replacements are included in your hardware kit. Visit our website for helpful video instructions <https://nenno-products.com/instructions>

Figure 1

1) Remove the left and right trim panels from the lower center dash by tugging gently away from each side from the front, then pull toward the seats to detach. See Left and right arrows in figure 1. The bottom arrow indicates where the two front console bracket bolts attach.

2) Install the console assembly; guide it in place at 45 degree angle downward toward the lower center dash.

3) Thread the two front bolts in place by a few thread turns by hand only.

- 4) Install the two rear attachment bolts by first placing a fender washer on each and insert them through the holes on each side. These bolts index into the U-Nuts in the rear bracket. Tighten bolts to 12 Nm.
- 5) You can final tighten the front bolts to 9.0 Nm.
- 7) Re-install the dash side panels.
- 9) Installation Complete.

Care & Maintenance-Any commercially available automotive interior cleaner will keep your vinyl looking great.
